## PRESS RELEASE

**\*\*\*FOR IMMEDIATE RELEASE\*\*\***

### **ProSphere Awarded VA Security Engineering IT and PM Support**

**Alexandria, VA:** ProSphere was awarded a sustainment task order under the Department of Veterans Affairs (VA) Transformation Twenty-One Total Technology Next Generation (T4NG) contract for the Office of Information Technology (OI&T) for Security Engineering IT & Program Management Support (previously named Enterprise Security Solutions Services [ESSS] Security IT & PM Support). In performance of this contract, ProSphere delivers support services to VA through the examination of emerging technologies from initial evaluation through implementation.

“This award expands on our current ESSS work to support efforts that include assessments, evaluations, testing, presentations, and the creation and maintenance of the Sandbox Test Environment,” said John Wucher, Project Manager. “This translates into ProSphere playing a more critical role VA’s priority embrace emerging technologies while protecting the data and personal information of our Nation’s Veterans and their families.”

Other aspects of this contract include supporting SD and its technical initiatives, inclusive of the VA security enterprise architecture, the development and maintenance of security configuration guidance, provide technical and administrative services for the Enterprise External Change Board (EECCB), Cloud Service, Hardware/Software Design, and overall project management activities.

### **About ProSphere**
