PRESS RELEASE

*****FOR IMMEDIATE RELEASE*****

ProSphere awarded VA Community Care (CC) Provider Payment Infrastructure Support Contract

Alexandria, VA, May 10, 2018: ProSphere was awarded a new task order under the Department of Veterans Affairs (VA) Transformation Twenty-One Total Technology Next Generation (T4NG) contract for the Office of Information and Technology (OI&T) for the Enterprise Program Management Office. ProSphere will provide infrastructure support of Community Care (CC) Provider Payments to include Electronic Data Interchange (EDI). The infrastructure support will include configuration management, server system administration, database system administration, release management, data de-identification, and quality assurance. This task order include projects that are currently managed under the Veteran-Focused-Integrated Process (VIP); a Lean-Agile framework that services the interest of Veterans through the efficient streamlining of activities that occur within the enterprise.

“ProSphere has gained a deep understanding of this complex environment through our experiences providing project management and technical support through our CC PMO Technical and Engineering Services,” said Monica Mohler, Director of Program Management/Service Delivery for Health IT. “This experience allows us to bring a team of experts who understand the technical environment and the priorities, goals, and mission – bringing true value to Community Care.”

Community Care is a program and support office within the Veterans Health Administration (VHA) that manages “front-end” elements of interaction with VA’s Health Care System. It provides oversight, review and direct service for health care eligibility and enrollment, benefits and crisis support for Veterans and beneficiaries as well as payment of claims to Community providers.

About ProSphere

ProSphere is an ISO 9001:2015, 20000-1:2011 & 27001:2013, CMMI Level 2, CVE-Certified Service-Disabled Veteran-Owned Small Business (SDVOSB) that provides IT solutions to the Federal government. Founded in 2006, ProSphere is headquartered in Alexandria, VA, and provides services to 13 Federal Government agencies in 24 states.
