## **About Military Friendly® Employers**

The Military Friendly® Employers list is created each year based on extensive research using public data sources for thousands of federal contractors nationwide, the input of military employees, and responses to the proprietary, data driven Military Friendly® Employers survey from participating companies. The survey questions, methodology, criteria, and weightings were developed with the assistance of an independent research firm and an advisory council of educators and employers. Data calculations and tabulations were independently evaluated for completeness and accuracy by Ernst & Young. The survey is administered for free and is open to companies that have hired veterans in the past 12 months. Criteria for consideration can be found at [www.militaryfriendly.com](http://www.militaryfriendly.com).
