## **ProSphere Wins HUD OIG Distributed Computing Environment (DCE) Contract**

**Alexandria, VA, September 28, 2017:** ProSphere was awarded a new task order under the Department of Veterans Affairs (VA) Transformation Twenty-One Total Technology Next Generation (T4NG) for the Department of Housing and Urban Development (HUD), Office of the Inspector General (OIG), Office of Management and Technology for Business Operations Support Services (BOSS). ProSphere will provide business operation support services to include operations, maintenance, software, and analytics support for the HUD OIG Distributed Computing Environment (DCE) to accomplish the mission-critical services in accordance with all Federal rules, regulations and policies. The HUD OIG's mission is independent and objective reporting to the Secretary and Congress for the purpose of bringing about positive change in the integrity, efficiency, and effectiveness of HUD business operations.

"The BOSS program requires a partnership with a committed team to resolve persistent challenges that include technological service level requirements," said Sean Lenehan, VP of VA IT Services. "ProSphere is equipped to overcome these challenges with strong leadership and a verifiable track record of performance across the full spectrum of system administration, network and infrastructure operations, cyber security, and help desk support."

The Department of Housing and Urban Development, Office of Inspector General (HUD OIG) is a semi-autonomous operational organization within HUD that was authorized with the signing of the Inspector General Act of 1978. The Inspector General (IG) has the authority to inquire into all of the programs and administrative activities of the Department. The HUD OIG serves its customers by being a proactive force in identifying and mitigating problems and receiving and processing complaints of inappropriate behavior or violations of law.

### **About ProSphere**

ProSphere is an ISO 9001:2015, 20000-1:2011 & 27001:2013, CMMI Level 2, CVE-Certified Service-Disabled Veteran-Owned Small Business (SDVOSB) that provides IT solutions to the Federal government.
