ProSphere Wins VA Enterprise Architecture Technical Architecture Recompete

ALEXANDRIA, Virginia (December 9, 2020): ProSphere was awarded the VA Enterprise Architecture (EA) Technical Architecture Support task order for \$5 million under Department of Veterans Affairs (VA) Transformation Twenty-One Total Technology Next Generation (T4NG) contract vehicle for the Office of Information & Technology (OIT) Architecture and Engineering Services (AES).

The mission of the VA OIT AES is to plan, architect, and drive IT-enabled transformation efforts across VA to achieve the department's vision for robust and easily accessible Veteran-centric services and capabilities. Through this contract, ProSphere will provide integrated strategic, technical, engineering, and programmatic support for the VA Enterprise Architecture Target State Architecture and Migration Plan. In addition, we will support the evolution of systems used by VA to accomplish its mission.

"We are excited to have been awarded this recompetete task order," said Robert Phoebus, Chief Growth Officer. "Together with our partners, ProSphere will continue to provide high-quality services to AES as they provide services and capabilities to Veterans."
