ProSphere awarded contract for VA Enterprise WAN and Data Center Support

Alexandria, VA, May 10, 2018: ProSphere was awarded a new task order under the Department of Veterans Affairs (VA) Transformation Twenty-One Total Technology Next Generation (T4NG) contract for the Office of Information and Technology (OIT). ProSphere will perform project management, network/WAN infrastructure engineering and network standardization, process standardization and documentation, technical research, technical review and implementation of infrastructure changes, and troubleshooting of network problems.

“As the incumbent, ProSphere appreciates the opportunity for continued support to VA Enterprise WAN and Data Center Support, said Shannon Hattersley, Director of Account Management. “The central task for maintaining available, fault-tolerant high-speed WAN connectivity is critical to enabling high quality service and care for our Nation’s Veterans.”

The VA Office of Information and Technology (OIT), IT Operations and Services (ITOPS), Service Operations (SO), Infrastructure Operations (IO), Network Field Operations (FO), Wide Area Network (WAN) Division is responsible for Tier 3 maintenance and support for all WAN connectivity at all VA Enterprise VA medical facilities including those at the major VA medical centers and ancillary support facilities, e.g. Community-Based Outpatient Clinics (CBOC), and Vet Centers. Additionally the WAN Division is tasked with maintaining a fault-tolerant high speed WAN connectivity to all Data centers. This responsibility includes data center network infrastructure management and administration, network augmentation and network optimization. VA Enterprise WAN consists of major VA medical centers and their ancillary sites.

About ProSphere

ProSphere is an ISO 9001:2015, 20000-1:2011 & 27001:2013, CMMI Level 2, CVE-Certified Service-Disabled Veteran-Owned Small Business (SDVOSB) that provides IT solutions to the Federal government. Founded in 2006, ProSphere is headquartered in Alexandria, VA, and provides services to 13 Federal Government agencies in 24 states. ProSphere supplements its capabilities with a strong and mutually beneficial partner program and is available through the following contract vehicles: VA T4NG, VA T4, GSA Schedule IT-70, GSA PSS, DHS Eagle II, CIO-SP3, and SeaPort-e.
